

A photograph of two men in a warehouse setting. The man on the left is wearing a plaid shirt and a high-visibility yellow safety vest. The man on the right is wearing a blue polo shirt with the 'Autobag' logo and safety glasses. They are both looking at a clear plastic bag filled with dark material. The background shows warehouse shelving and equipment.

Reliable.  
Efficient.  
Purpose-Built.

BRAND

**A COMPLETE BAGGING SOLUTION  
BUILT FOR YOUR BUSINESS**

The seamless, end-to-end packaging solution that eliminates inefficiencies, improves output, and helps businesses scale with ease.

## SOLVING REAL CUSTOMER CHALLENGES

Automated bagging isn't just about speed—it's about solving critical business challenges. What pain points can we help you eliminate?

### **Struggling with labor shortages?**

Automate your packaging process and free up valuable human resources.

**Inconsistent packaging quality?** Ensure precision-sealed, professional-grade packaging every time.

**Scaling your business?** Our modular systems grow with you, adapting to increased production needs.

**Sustainability concerns?** We offer recyclable films, post-consumer recycled materials, and energy-efficient equipment to support your green initiatives.

## REAL SOLUTIONS FOR THE MARKETS WE SERVE

Our materials, equipment and service is trusted across industries worldwide.

**E-commerce & Fulfillment:** High-speed bagging that enhances order accuracy while reducing labor.

**Food & Beverage:** FDA-compliant bags with superior sealing technology that extends shelf life and ensures food safety.

**Medical & Pharmaceutical:** Tamper-evident packaging solutions meeting the highest regulatory standards.

**Industrial & Manufacturing:** Heavy-duty bags for parts, hardware, and high-value components.

**Retail & Consumer Goods:** Stand-up pouches and printed film solutions that enhance branding and create a premium customer experience.

# A Better Approach to Automated Bagging

At AUTOBAG<sup>®</sup>, our seamless end-to-end packaging solution helps businesses reduce labor costs, improve consistency, and accelerate throughput by combining cutting-edge technology with materials designed for flawless performance.

**Eliminate Bottlenecks:** Speed up packaging and reduce manual handling with high-efficiency automation.

**Reduce Operational Costs:** Lower labor costs and material waste while maximizing uptime.

**Enhance Brand Experience:** High-quality, customizable bags ensure a polished, professional final product.

**Scale With Ease:** Future-proof your operation with flexible systems that grow with your business.

# Equipment + Materials + Service

## SYSTEMS DESIGNED FOR PERFORMANCE

Whether you're a small business seeking efficiency or a high-volume operation optimizing throughput, our systems are built for reliability and speed.

**Tabletop & Entry-Level Systems:** Compact, user-friendly solutions ideal for lower-volume packaging with minimal investment.

**High-Speed Bagging Systems:** Automated bagging systems that can triple your packing speed compared to manual methods.

**SidePouch® Systems:** Designed for food, medical, and industrial applications, offering pre-opened bags staged for rapid filling.

**Integrated Printing Capabilities:** Inline thermal transfer printing ensures accurate branding and compliance labeling without extra steps.

**Custom Engineering & Integration:** Our systems are designed to easily integrate into your existing workflows and operations—helping you boost packaging efficiency without needing to rework your processes.

---

## MATERIALS THAT WORK SEAMLESSLY WITH YOUR SYSTEMS

Our materials are engineered for superior performance, ensuring smooth operation, reliable seals, and maximum product protection.

**SidePouch Pre-Made Bags:** Available in various films, including anti-static, rust-resistant, resealable zipper closures, and recyclable options, providing optimal protection for sensitive products.

**Stand-Up Pouches:** Gusseted, premium retail packaging solutions featuring resealable closures, tamper-evident perforations, and high-clarity printing.

**Pre-Opened Poly Bags:** Designed for high-speed automation, with easy-open perforations, reinforced seals, and available film options that include recycled content.

**E-commerce Protective Films:** Built for shipping applications, offering reinforced seals, high durability, and up to 57% recycled content.

**Custom Bag Solutions:** Available in a variety of sizes, films—including recycled options—and printable designs to align with your product and brand.

## WORLD-CLASS SUPPORT TO KEEP YOU RUNNING

We are more than just a packaging supplier—we are your long-term partner, dedicated to ensuring your packaging lines run at peak performance.

**Customer Support:** Get expert guidance to troubleshoot issues, optimize operations, and maximize uptime.

**On-Site Field Service:** Our factory-trained technicians provide preventive maintenance and rapid response repairs.

**Comprehensive Training Programs:** Equip your team with in-depth knowledge to operate and maintain our equipment efficiently.

### **Custom System Design & Equipment**

**Integration:** Our dedicated engineering team partners with you to build fully customized systems that connect seamlessly with upstream and downstream equipment. From layout planning to installation, we tailor solutions that meet your exact operational needs and scale as you grow.

**Spare Parts & Exchange Programs:** Keep downtime to a minimum with readily available OEM parts and cost-effective replacement programs.
