

## 850SP

Paper mail order fulfillment packaging machine

A fibre based automated packing solution for mail order fulfillment and e-commerce applications

## 850SP

Paper mail order fulfillment packaging machine

A fibre based automated packing solution for mail order fulfillment and e-commerce applications

## FEATURES AND BENEFITS

- Runs all-paper recycle-ready<sup>1</sup> bags.
- High-quality seals.
- Currently capable of running 480mm\* wide paper bags.
- Opens, labels, and seals up to 8 bags per minute.
- Capable of printing high resolution shipping labels directly on the bags.
- Features an intuitive interface for easy access to help systems, diagnostics, and performance monitoring, simplifying maintenance and maximizing productivity.
- Reduces shipping costs compared to corrugated boxes<sup>2</sup>.
- Simple bag threading for fast and easy changeover.

## TYPICAL APPLICATIONS

E-Commerce Returns Processing

Fulfillment Centre

Soft Goods

Apparel

## SUSTAINABILITY

Machine designed to run only paper stream compatible bags

- The 850SP is designed to be used with AUTOBAG® brand all-paper bags.
- The AUTOBAG® brand all-paper bags are 100% kerbside recyclable.
- Next-bag-out printing prevents product queuing, reducing waste.
